Description

Description I would like all information (notes, emails, phone records, communications) leading up to, and resulting in, the groundwater contamination investigation conducted in May 2018 in Wisconsin's Juneau County township of Armenia. I would appreciate all water test results from the 41 test sites drilled by the EPA and an overview of the 90 residential wells tested as well as a copy of the Investigation Report in its entirety. Additionally, I request any documentation, investigative reports, or complaints filed against the Central Sands Dairy - Owner: Wysocki Family of Companies to the EPA to also be included in this FOIA request. Location is also in the Juneau County township of Armenia with base office in Bancroft, WI. I understand that the department also has communicated with local residents (Juneau County township of Armenia) regarding water contamination issues and would like documentation as to their concerns and health issues reported to the EPA from residents of this township. Thank you.

Short Description groundwater contamination investigation conducted in May 2018 in Wisconsin's Juneau County township of Armenia
